ABOUT

Sakeshwar Gramin Vikas Seva Sanstha

Sakeshwar Gramin Vikas Seva Sanstha established on 24th September 2004 by visionary educationist Prof. Anirudha Manik Adsul with the aim to develop competent, committed and compassionate leaders who will make a difference to the people among whom they work. Sanstha constantly scans the developments in business and in society and tries proactively to meet the challenges. The founder president of the Sanstha is well known personality all over Maharashtra in the Education field. His work in the field of education started 25 years ago under the name of Adsul's Classes for 11th and 12th Science students has today been transformed into Adsul's Technical campus; Engineering, MBA, Polytechnic, Pharmacy, Arts, Commerce, Science, BBA, BCA, BMS and B. Ed colleges under the landmark of Savitribai Phule Pune University, Pune. Today 2500+ students from rural and urban area are studying in the campus and thousands of pass out students are contributing to the progressive development of the country.

Adsul's Technical Campus (ATC)

Adsul's Technical Campus (ATC), Chas, Ahmednagar is established in 2011. The Institute offers both UG and PG programs affiliated to Savitribai Phule Pune University, Pune in the field of Engineering like Mechanical, Computer, Electronics & Telecommunication, Electrical, Civil, and MBA. The major landmarks in the development of the Institute is ISO 9001:2015 certification, NAAC accreditation with B++ grade at first cycle and majority of the programs are undergoing for NBA accreditation. The objective of the Institute is to produce good entrepreneurs and quality engineers with competence and character, to become extraordinary in the present technological scenario of globalization, who will contribute to the techno and socioeconomic development of the country. Institute has introduced various value-add and Training Programs conducted by industry experts. Institute also focuses on the multi-dimensional development of students by encouraging them to participate in co-curricular and extra-curricular activities at the local and global levels. The Institute is working hard to bring various MNCs for campus placements with better salary packages. Institute has an excellent academic environment and hands-on training programs for nurturing good quality technical education among budding engineers. This resulted in more placements and Institute is keen to enhance it further. Institute is quite self-assured in nurturing all the students as young, bright, dynamic, talented, and professional technocrats who will be responsible gentle citizens. Institute has active and vibrant Training & Placement Cell providing jobs and internships opportunities to Engineering and MBA students. The Training & Placement Cell actively focuses on preparing the students for various internships and campus placement drives and supporting them in the best way possible. Over the past few years Institute has been arranging Mega Placement Drives for students in and around the district that consists of various companies from Mumbai, Pune, Ahmednagar, Aurangabad, Ranjangaon and Supa MIDC, as well as Industries from other states like Gujarat and Karnataka are also participating for the recruitment of students. Till date 1700+ students are placed by the Institute in various MNC's in India and abroad. The highest package offered to MBA student is 18 lakh, and 11 lakh to the student of Engineering. The average package offered to students is 4-5 lakh per annum.

Chairman's Message

Prof. Anirudha M. Adsul

Chairman

Sakeshwar Gramin Vikas Seva Sanstha

I welcome you, as the future leaders and productive citizens of the Country, I would like to stress on our mission statement to establish state-of-the-art facilities and create a conducive environment for transforming the rural minds into competent, skilled, professional, researcher, technically sound, and innovative aptitude, and ethics through value-based education to develop the nation for global competitiveness. Sakeshwar Gramin Vikas Seva Sanstha is established with the aim to promote education and culture in all aspects in order to achieve and fulfill the mission statement that we believe in. As an established and highly esteemed Institution, we maintain an utmost academic standard, incorporated with the conduct of discipline, thereby achieving remarkable and excellent percentage of results. We firmly believe that education is the key to a nation's progress with this; we will take it as our bounded duty to provide the best academic training a student can possibly get. Dear Students, you are about to cross a bridge in your life because college education is a turning point itself. Hard work and discipline are the sure roads towards success. I ensure that your journey in the college is meaningful and fruitful as well. It is in your hands to make sure that bridge leads you towards success. The hard work of today is the triumph of the future. The time and effort you spend today are the deciding factors of your later years. As the chairman of this Institution, I anticipate the full participation and cooperation of the students and parents to make it possible for us to transform those dreams to reality. And if there is any assistance that you might need, may it be personal or professional, I shall always be willing to hear from you. I wish you all the best!
Sincerely yours.

Principal's Message

Dr. Pradeep M. Patil

Principal & Director

SGVSS Adsul's Technical Campus

Dear Friend's, I extend a Warm Welcome !!!
Adsul's Technical Campus (ATC), Chas, Ahmednagar is established in 2011, by Sakeshwar Gramin Vikas Seva Sanstha. In the last decade, the Institute has grown horizontally and vertically. The Institute offers both UG and PG Programs affiliated to Savitribai Phule Pune University, Pune in the field of Engineering like Mechanical, Computer, Electronics & Telecommunication, Electrical, Civil, and MBA. The major landmarks in the development of the Institute is ISO 9001:2015 Certification, NAAC accreditation with B++ grade at first cycle and majority of the programs are undergoing for NBA accreditation. The objective of the Institute is to produce good entrepreneurs and quality engineers with competence and character, to become extraordinary in the present technological scenario of globalization, who will contribute to the techno and socioeconomic development of the country. For this, the Institute has introduced various value-add training programs conducted by Industry experts. Active MOU's have been signed to provide internships in Industries. Institute also focuses on the multi-dimensional development of students by encouraging them to participate in co-curricular and extra-curricular activities at the local and global levels. The Institute is working hard to bring various MNC's for campus placements with better salary packages. Institute has an excellent academic environment and hands-on training programs for nurturing good quality technical education among budding engineers. This resulted in more placements and Institute is keen to augment it further. Institute is quite self-assured in nurturing all the students as young, bright, dynamic, talented, and professional technocrats along with responsible gentle citizens. For growth of all stakeholders, I am personally working with qualified and dedicated faculty members on a plan to have 80% placements, 15% students motivated for higher education, competitive and civil service examination and remaining 5% as entrepreneurs. The mission of the Institute is "To be the most preferred Rural Technical Campus in the region by creating competent multifaceted Engineers and Professionals ready to serve the Industry and Society at large". With mission of the Institute, young graduate, and alumina are impacting the society over the globe.

HOD Message

Dr. Vishvajit Kamble

HoD, MBA

As the Head of department, it is my privilege to address you and convey my vision for your educational journey towards future managers. At Adsul's Technical Campus, we are committed to provide a transformative learning experience that equips you with the knowledge, skills, and values necessary for success in today's dynamic world. Our team of qualified and dedicated faculty members ensures that you will receive a holistic education that prepares you to excel in your chosen field. We believe in fostering an environment that encourages intellectual curiosity, critical thinking, and creativity. Our emphasis on experiential learning enables you to apply classroom concepts to real-world scenarios, bridging the gap between theory and practice. Through the Industry collaborations, placement, internships, and guest lectures by Industry experts, we strive hard to provide you with practical insights and a deep understanding of the corporate world. We also recognize the importance of holistic development. We offer a wide range of co-curricular and extracurricular activities to nurture your talents, enhance your leadership abilities, and promote teamwork. We encourage you to actively participate in sports, cultural events, clubs, and societies, as they provide valuable opportunities for personal growth and the development of essential life skills. Moreover, we are committed to foster a supportive and inclusive community. Our faculty and staff are available to guide and mentor you throughout your educational journey, ensuring that you receive the necessary support and encouragement to thrive academically and personally. We believe in an open-door policy, where your opinions and ideas are valued and respected. Once again, I extend my best wishes to you all. Together, let us embark on this transformative journey towards excellence.

INSTITUTE VISION & MISSION

VISION

To be most preferred Rural Technical Campus in the region by creating competent multifaceted Engineers and Professional ready to serve the Industry and Society at large.

MISSION

To establish state of the art facilities and create a conducive environment for transforming the rural minds into competent, skilled, professional, researcher, technical sound, innovative aptitude, and ethics through value based education to develop the nation for globe competitiveness

M4: To emphasize on promotion of marketing strategies, brand management, advertising and sales policies, customer relationship, etc.

Scope of specialisations

1

Marketing Management

Marketing is a vast field with a variety of sub-sectors. It helps the students to learn more about consumer behavior and create products and services that they will like the most. The scope of MBA in marketing is huge, as almost every business and organization requires marketing to stand against the huge competition. Some of the very common career options after taking this course include consulting, entrepreneurship, general management etc. The career options are almost limitless with MBA in marketing as one can handle any company's marketing department that requires marketing. Whether you are interested in sales, business development, media and entertainment, advertisement, brand management, or even general management, these skills form the heart of any senior-level role.

2

Finance Management

Finance Management can equip you with the necessary financial skills and business acumen to manage an organization and help it to grow and improve. The scope of MBA in finance is very vast, It allows students to obtain in-depth knowledge about the financial health of an organization. With an MBA degree in finance, you can work in areas like taxation, investment banking, hedge fund management, asset finance, tax planning, insurance management, financial statement analysis and reporting. Candidates can aim for employment in both the private and government sectors or pursue an independent business post this degree. Candidates can explore job profiles like accounting manager, financial analyst, investment banker, credit manager and consultant and have a rewarding career in the financial sector.

3

Business Analytics

Studying Business analytics is becoming more and more popular in India as well as abroad. There is a high demand for expertise in this relatively young industry because there are numerous corporations looking for well-trained professionals in it. Business Analytics is focusing on creating fresh understandings of how businesses work using data and statistical techniques. Data is used by professionals to guide corporate choices through Business Analytics. There are various routes you can follow to become one once you acquire the required talents. With an MBA degree in business analyst one can become Data Analyst, Product Analyst, Business Analyst, Data Engineer, Data Scientist etc.

4

Human Resource Management

Human Resource Management refers to the strategic approach to managing an organization's workforce. It involves the recruitment, selection, hiring, and onboarding of employees, as well as managing their performance, development, and overall well-being. Human Resource Management has a broad scope that encompasses various functions and responsibilities within an organization. From recruitment and selection to training and development, performance management to employee relations, and legal compliance to crisis management. With an MBA degree with human resource management one can become HR Manager, Human resources officer, Office manager, Occupational psychologist, Training and development officer etc.

5

Operation and Supply Chain Management

MBA in Operation and Supply Chain Management is one of the most popular specializations among MBA aspirants. The scope of MBA in Operation and Supply Chain Management can easily be inferred, as the one who operates the operation department is accountable to ensure the quality and quantity of the product and its production in the manufacturing unit. It offers a range of career opportunities to work as a supply chain performance analyst, operations manager, quality analyst, strategic sourcing manager, logistics and transport officer, and others.
